Anti-Nazi League

Keep Adelaide Road Free from Fascism

- **Anti-Semitic and other Nazi symbols have been daubed on a wall in Adelaide Road.**

- **This is aimed at intimidating the Jewish population who have been using the Hebrew Congregational here for decades.**

- **Fascists are not only racist but they are intent on smashing all forms of democracy and liberty. Hitler destroyed all community groups and even music societies. In France today, where they have won control of town councils, Le Pen and the National Front have taken books out of libraries.**

- **Fascism in Germany in the 30's was allowed to grow through inaction. We need to send a clear message to the tiny number of Nazi's in Ireland that they will not be allowed to organise here.**

Help us paint out this graffiti.
